Weekly Comment: Negotiations - are only hearings 1/10/08

Of, the negotiations did not spread rumors?

Seems that the Islamic Emirate of Afghanistan is best explained the advantage of the presence of deep commitment and determination of solid obedience between the leadership and underneath, and God will continue this commitment. Not only failed to mask and exposed and all attempts to internal enemies and arrows so far in the shake and remove this link strong and solid origin; conquest, but by God the great strong worthless, and broken, darkened by all the tricks and conspiracies of external enemies "foreigners" and black networks as well.

The ground and origin of the Islamic Emirate is not in place and entrenched on the basis of Sycophancy, and duplicity, and Altdhuer, bribery and on the strength of excessive materialism, even Itzlzl or hurt (God forbid) or the composition of the leadership of the Islamic Emirate in the absence of the Constitution sponsored UGLY promoter in the world, who opposes Ooaejad It combines with the problems and obstacles, but that the leadership of the Islamic Emirate reached this level and good place thanks to the high-Safa, transparency and righteousness, honesty and adherence to the provisions of God, but leadership is not thinking in hopes never to seek to treat, and metadata and demonstrate the same was evident, and one compromise, and under the curtain Proceed with the projects and links linkages architecture beaten Jihad and the unity of Muslims.

If the assumption by any official of the city at a time such as this attempt, and seeks to have confidential communications and links; providential Here are the Islamic Emirate which prior to the decision of the leadership of isolation and threats against them, they automatically Anzooa, and devoted themselves, get away from jobs and received Heavy strikes and violent tremors.

In light of these facts hidden others, the media hostile to Islam and our country, and a number of intelligence networks once again the deployment of rumors and Ofuahat, as Tenctt in the coming days again in the past Aserak and drums, and by saying that an official from the Taliban together with Saudi officials began negotiations with the Americans started .

We believe that such ill-fated attempts to Almt paulin these networks and you'll see black Alivtdah breath and shame, not reap anything else.

Seven years since we last heard news Mmakrat unfounded and speakers unknown fake, when the mujahideen of the Islamic Emirate pay painful blows and cruel and not forgotten, a number of attacks in Alsarm of the occupying forces, and in order to close Hzaihm and divert public attention in the world in another direction, trying to spray Another type of toxins (moral and propaganda) to find differences between the Islamic Emirate, and negotiations with the occupiers, but we must be aware that the occupation forces as Maquintha stopped before the war heroes and Mujahideen estimated by the efficient and effective, thanks to God is tired machines broadcasting lies with the effectiveness of And the impact.

EID MUBARAK FROM ALL OF US AT JUS

In The Name Of Allah, The Most Gracious, The Most Merciful

The JUS team extends our sincere Eid greetings to you and your family and as we celebrate the end of this Holy month of Ramadan, let us rejoice in the good news that the Islamic Awakening that is upon us and give thought to those who will spend this Eid fighting in the war fronts around the globe.

We would also like to take this opportunity to congratulate the Muslims on the progress we have collectively made. Many more of you now see that the Ummah is a nation at war against an aggressive American foreign policy that will not stop until our lands are decimated, our resources are pilfered and our religion has been subdued. Many more of you now see that the events of 911 were not the beginning of this war but were a response to a decade of abuse beginning with the occupation of the land of the two holy mosques, the brutal embargo that killed over 1 million of our children in Iraq, and the indiscriminate bombings of Sudan, Afghanistan and Iraq and the continuing ethnic cleansing of Palestinians that has gone on for half a century.

It is no longer hidden from any of us, Muslim and non-Muslim alike, that America's agenda has nothing to do with "terrorists" and has everything to do with controlling Muslim land, resources and minds. Seven years on in this so-called "war on terror" the Mujahideen have proven once again that Allah is capable of all things and we should shake off our defeatist attitudes.

In Afghanistan, Commander of the Faithful Mullah Omar has waged an unprecedented defence against US and NATO forces and the Taliban are now supported by 80% of the population. With the formation of the Islamic Emirate of Afghanistan, Shariah law has been implemented throughout the vast territory it now controls and Afghans are flocking to support the Mujahideen.

Moreover, in Iraq, the illegal occupation of the country continues however the Islamic State of Iraq, while suffering setbacks remains and actively carried out attacks against US and collaborating forces. While It is true that some weak Muslims have turned their backs on the Brothers there, for nothing more than US greenbacks, we should not be surprised that America's latest approach in dealing with the Muslims is by targeting the weak. Despite this, our Mujahideen persist in putting up an impressive and relentless resistance. Fighting the world's only superpower, all the military hardware in the world can not defeat the weapons of the Mujahideen if Allah wills it and this we have seen many times over in the battlefields. The Islamic Awakening is indeed occurring among the youth and the sincere ones and Allah has indeed honored their efforts. The US is now entrenched in a war it can not win and both Muslims and non-Muslims are aware of the real agenda behind this current assault on Islam.

While Muslims fight on in Lebanon, Syria, Somalia and Palestine, Pakistan has now become the central focus of American wrath. With US forces now regularly violating Pakistani airspace, American boots on the ground in Bajaur Agency and the Pakistan Army fighting their own brothers in the Federally Administrated Tribal Areas (FATA) and throughout Northwest Frontier Province, here again the Mujahideen are putting up stiff resistance. That said, the country is poised to be carved up as part of the grand American plan to dismantle Muslim land and the battle for Pakistan is of paramount importance to Muslims everywhere.

The media battle remains front and center in this conflict, and like all the others hot zones, it is also a difficult battle. With mainstream news reporting having digressed to merely party-line propaganda, now more than ever Muslim voices must speak. For the past few months, the JUS team has been traveling into several of the hot zones to establish direct information channels as we can no longer rely on other media for unbiased reports. We have sat with Muslims in the Palestinian refugee camps of Lebanon and Palestine; we have traveled into Malaysia and Indonesia and we have spent a great deal of time with our Pakistani Brothers and Sisters, both Punjab and Pashtun, And of course we have traveled into the hot zones to meet with the Mujahideen to bring you first hand reports from the battlefield.

As the US now says it will send another "surge force" into Afghanistan and Pakistan, we too must also surge our efforts and this requires your help. While the JUS team remains strong in our Aqeedah, we have been unable to update our site

MILNEWS.ca

regularly this past year as we remain in the field in an effort to organize the information flow/ Please remember that our ability to disseminate information is directly tied to your ability to support us. If you are a Muslim reading our news, please consider becoming a JUS Partner. We are always in need of volunteers, writers, editors and financial support which we rely solely on Allah for. If you are a non-Muslim that benefits from our uncut and uncensored information, you should consider supporting our work to ensure this type of content continues. As the Holy Month draws to a close, please take a moment to click on the 'donation' button below.

The Islamic Awakening is in full swing and now is the time that we must all rise to the occasion. Let us also consider this Eid those who remain under the jackboot of the kufr, who are not enjoying great feasts but are waging great battles and let us determine what actions we will take to support those who are standing strong for our Ummah.

For those who have stood us through this past year of instability in our news updating due to our traveling, we extend our sincerest gratitude and appreciation as it provide us with great encouragement to continue this challenging work. And for those who have come and gone, we say that we are grateful for your contribution while encouraging a more united media. We are stronger together than we are apart and unity is the number one goal we must achieve to rise to the position that Allah has determined for us. Let us put aside our differences in culture and tradition and forge a union that will, with Allah's blessing, put an end to the divisions that have consistently been exploited by those who want see Muslim fighting Muslim and who are determined to rule over us at the cost of our external destiny.

May Allah's peace and blessings be on those who follow His true path.
